

Ireland: Hiking Killarney National Park June 12 - June 19, 2017

YOUR ITINERARY

6/12/17
Monday

Dingle Peninsula

Jutting out into the Atlantic Ocean, it is on the westernmost tip of Ireland, and all of Europe for that matter. Here Irish is still spoken on a daily basis, which is why the Dingle Peninsula is often called "pure Ireland." Dingle feels so traditionally Irish because it's part of a Gaeltacht, a region where the government subsidizes the survival of the Irish language and culture.

The Dingle Peninsula is wild, deserted and simply breathtaking in many places, an ancient landscape of archeological wonders: prehistoric ring forts and beehive huts, early Christian chapels, crosses and holy wells, picturesque hamlets and abandoned villages, and monuments left behind by Bronze Age settlers, Dark Age monks, English landlords, and Hollywood directors!

❖ **Meet Guide and Transfer**

This morning you'll arrive at the airport in Shannon, Ireland, where your guide, Gillian Arthur, will meet you at 12:00 noon for the group pick up and transfer to your first hotel on the Dingle Peninsula.

❖ **Walk to Dingle Harbor**

Arriving in the town of Dingle, take your first walk out to the mouth of Dingle harbor and the lighthouse on the peninsula. If you're lucky, we might see Fungi!

❖ **Dinner**

Enjoy a welcome dinner tonight with a chance to formally introduce yourselves.

❖ **Traditional Music**

In the evening you will have an opportunity to listen to the finest traditional musicians in local pubs.

Dingle Peninsula

The charming town of Dingle, an active fishing port set in a bowl of green mountains, looks out over Dingle Bay to the Blasket Islands. It is chock full of friendly pubs where live traditional music plays. Another regular visitor to Dingle's Gulf Stream-warmed waters is Fungi, a solitary Bottlenose Dolphin known for interacting with humans since 1984. He is the town's unofficial mascot. Popular area attractions include the beaches, Mount Brandon and Ballydavid and Ballyferriter villages, and driving the area is like a trip through an open-air museum!

✳️ **Breakfast**

Breakfast is served at the Greenmount House this morning.

✳️ **Scenic Drive to Great Blasket Island Center**

ACCOMMODATIONS

Greenmount House Bed & Breakfast

Greenmount House is a 4 star luxury guesthouse overlooking Dingle town and harbor, in County Kerry in the South-West of Ireland. Each guest room has a full bathroom, large sitting area, direct dial phones, TV, tea/coffee making facilities, and wonderful views overlooking Dingle Harbor.

Warm fires welcome you back to the comfortable guest lounges, which are ideal places to relax after a long day of hiking. Breakfast, which is served in the conservatory with a fabulous view, is a feast! The Curran family is famous for their hotel breakfasts, and they are the 1989 and 1991 Galtee breakfast awards regional winner and the Jameson Guide breakfast award winner in 2001.

The Moorings

The Moorings is a small maritime inn in the village of Portmagee. Many rooms have sea views, and the inn boasts an excellent restaurant, with its specialty of locally caught fish, crab and lobster.

Even more interesting is that this hotel was involved in the filming of the new Star Wars VII, The Force Awakens! Lots of the magic happened at this hotel as the little town of Portmagee was awash with film crews, reporters, and Star Wars fans. The pre-production site was at the Moorings, and it was at their bar where Mark Hamill (Luke Skywalker) poured his pint of Guinness!

Brook Lane Hotel

The Brook Lane is a family run 4-star boutique hotel. Its staff are friendly and local, the design is contemporary, hospitality is instinctive, and the atmosphere is easygoing. And it's all just a short walk from the pretty town of Kenmare on the Wild Atlantic Way. The perfect location to explore Killarney!

Our Professional Guide

Born in England, Gillian lived much of her life in Australia and for the past twenty five years has lived in Italy with her daughter and husband. She has been designing and leading trips in Europe for AdventureWomen for almost 20 years. Gillian's knowledge, her enthusiasm for the great outdoors, and her passion for good food and wine always creates a truly memorable experience on the AdventureWomen trips that she guides. She has recently been awarded the Diploma of Wine from WSET (London). When not researching and guiding tours, Gillian divides her time between Friuli, Italy and Scotland.

Health Requirements and Physical Condition Required

This AdventureWomen trip is rated as **Moderate** and requires that you be in very good physical condition, and be able to walk 5 - 8 miles a day. Many of the hikes are through the woods on forest paths and dirt tracks, while others are on graveled and tarmac country lanes, with minimal gradients. The most you will carry is a small day pack with your rain gear, camera, water, etc. Paths are through rolling terrain and can be uneven, so good hiking boots are recommended, as well as a walking stick if you prefer to hike/walk with one. A typical day consists of 3 to 5 hours of leisurely hiking, with

stops that include plenty of time for lunch and exploring villages, châteaux, vineyards, cultural and historical sites.

You MUST have your own health insurance, and not have any physical problems or conditions that would be adversely affected by participating in any of the planned trip activities and the rigors of international travel.

Passports and Money

Citizens of the U.S. must possess a valid passport to travel to Ireland. There is no visa required. If you do not have a passport, APPLY NOW! You should always carry two extra photos, just in case of emergency (i.e., if your passport is stolen).

*Credit cards are widely accepted in Ireland and ATM machines are accessible in many towns (see the next paragraph!). You should bring a few hundred dollars in cash, which you can exchange into Euros, for your spending money and tips. Tips are also accepted in U.S. Dollars.

***Important information about credit cards! Please note:** You should bring **at least one smart card, usually referred to as a chip card, or chip-and-PIN credit card** for travel to Europe and to other overseas destinations. These new cards are more secure and you are more protected from credit card fraud.

These so-called smart cards have embedded microchips in them. You will see the silver or gold microchip on the front of your card. They also have the traditional magnetic stripe, so can be used the same as your regular credit/debit card. You'll either sign for purchases, or enter a 4 digit PIN into a terminal. (Confirm with your bank that your PIN, or 4 digit number, will be the number that you use the **first** time that a PIN is required for use with your new card. So just make sure you remember it for all future transactions!)

It is best to have your chip card as a VISA or MasterCard, since American Express is often not accepted in many places. In Europe and in parts of Asia, they simply don't acknowledge magnetic-strip cards anymore unless they are chip-and-PIN enabled. In addition, in any automated transactions such as train stations and gas stations, **ONLY** chip-and-PIN cards are accepted.

Chip-and-PIN cards have become standard in many European countries because of their superior fraud-prevention abilities. Now countries in Asia, North America and South America, and Canada are doing the same.

Traveling to Shannon, Ireland: Arrival and Departure

You will be flying into Shannon, Ireland, where your guide, Gillian Arthur, will **meet you at 12:00 noon on June 12, 2017 at the airport**. If you decide to come in early, you will either have to return to the airport for the June 12 pickup, or meet the group at the first hotel in Dingle. You will be **dropped off at the Shannon Airport on June 19 at 11:30am**.

NOTE: The recent trend in travel is for travelers to finalize their plans much closer to departure time than was customary in the past. While we try to be as flexible as possible booking last minute registrants, we must often relinquish hotel space and air reservations up to 6 – 12 weeks prior to departure!

Please keep this in mind when making your travel plans.

What to Bring

One thing you can be sure about when it comes to Irish weather is how little you can be sure of! Although Ireland has a relatively mild climate, there is one aspect of the weather that will directly affect the walker, and that is the rain! It is vital that you are well prepared.

Summer boasts the nicest weather for hiking in Ireland, with average temperatures around 60 to 65 degrees Fahrenheit. The hottest days may reach 75 to 86 degrees, but these heat spells are rare. As in all outdoor activities, you must be well prepared for weather changes.

Ideally, you should bring one suitcase or duffel bag, and your daypack should act as your carry-on bag. Your carry-on bag should contain one change of clothing, your camera equipment, all medications and your important travel documents. **PACK LIGHTLY!**

- **Medium-weight hiking boots:** It is best not to wear shoes, even if they are walking shoes, because **ANKLE** support is absolutely essential in mountain terrain. Please do not buy heavy leather boots as there are numerous medium-weight quality hiking boots on the market that will better serve your purpose. Asolo, Garmont, Merrell, Vasque - to name a few - are widely

available and designed especially for women. Since they are waterproof, Gore-tex boots, although a bit more expensive, are our first choice. Other boots should be waterproofed with one of the excellent waterproofing products available such as Nikwax. MAKE SURE your boots fit properly and are well broken-in. Wear them around town to thoroughly break them in. Please do not come on this trip with a pair of boots you have never worn before!

- Rain gear: You should be well prepared for whatever conditions occur. Therefore, it is very important to bring a good water PROOF (not just water REPELLENT) rain suit (jacket and pants). A rain parka or poncho will not keep your legs and feet dry, and it is important that your entire body is covered in a downpour. Many outdoor stores carry inexpensive rain suits, but beware of cheap VINYL gear that may tear easily at the seams. Your rain parka can also act as a lightweight wind jacket.
- Socks – it is best to wear 2 pair of socks inside your hiking boots, such as a pair of wool socks, and a thin pair of liner socks underneath the wool socks. We like Thorlo hiking socks and polypropylene liner socks which wick moisture and reduce blistering. Bring plenty of socks!
- Comfortable shoes for the evening in hotels.
- Medium-weight jacket, fleece jacket, or sweater for cool evenings.
- Pants (loose and comfortable for walking) and two pairs of walking shorts (if you like to wear shorts). Zip off pants are often the most versatile.
- Shirts (long- and short-sleeved) and a few T-shirts.
- Underwear, sleepwear.
- Sun hat and sunglasses with securing strap.
- A spare pair of glasses (if you wear glasses).
- Swimsuit (?) If there are hotel pools.
- Day pack that is water resistant for carrying rain gear, camera, water bottle, etc., on day trips (you can use this for your carry-on bag). If not waterproof, bring a garbage bag to line the inside of the pack.
- Money belt, waist pouch, or a way to carry your money, passport, and airline tickets. You can leave these valuables at the hotels while day hiking.
- One-quart water bottle. We recommend the 24 oz. Nalgene Everyday OTG Tritan Bottle. Made of Eastman Tritan™ copolyester, the bottle is completely BPA-free. Tritan™ copolyester provides excellent impact resistance and is suitable for both warm and cold beverages.
- Regarding Foot Care: To prevent blisters, many hikers use moleskin. However, we recommend bringing a small roll of ordinary duct tape as an alternative. Applied before the hike, it reduces friction much better than moleskin. If you develop a blister, Spenco "2nd Skin" is a very comforting necessity. Your foot care kit should also include: cloth Band-Aids (not plastic),

individually wrapped alcohol pads, a small tube of Neosporin or other antibiotic cream, and foot powder.

- Bandanas. Bring 2 or 3 (100% cotton) for instant sweat bands and other uses too numerous to mention, some of which you have never even dreamed! Besides, it's a tradition at AdventureWomen!
- Swiss Army knife or equivalent (for picnics, opening wine bottles, cutting cheese, etc.). Be sure to pack this in your checked luggage.
- Sunscreen, lip balm with sunscreen.
- Small flashlight with spare batteries and bulb to use if you need to get up at night and don't want to wake your roommate by turning on the lights.
- Earplugs. We recommend Mack's Pillow Soft White Moldable Silicone Snore Proof Earplugs, which you can buy at most drug stores, or at www.earplugstore.com. Good to 22 decibels!
- Small travel alarm clock.
- Toiletries, prescription medications, and a washcloth (sometimes not provided in Europe).
- Pre-moistened towelettes or baby wipes.
- Hand sanitizer (alcohol based).
- Ziploc bags in various sizes for dirty boots and dirty clothes, etc.
- A collapsible walking stick (to fit into your suitcase) if you prefer to hike/walk with one.
- Book, notebook, pen, lightweight binoculars (optional).
- Electricity: Ireland's electric current is 230 volts. Use a 3 prong adapter, Type G.

Camera Equipment

For many women, photography will be a **very large** part of this trip. The opportunities are endless, and the scenery spectacular! We suggest that you bring many more memory cards and batteries than you think you could ever use!

- Digital camera, memory cards, battery chargers. You will be able to charge all of your batteries in hotels.
- Any camera gear you carry during the trip should be in a backpack or in a bag that will leave your hands free. It is also recommended that a tight sealing camera bag be used to protect your camera equipment from moisture, dust, sand and dirt. Large Ziploc bags are especially handy.

Personal First-Aid Kit (bring in small amounts in small containers)

- Foot powder for moisture absorption; cloth, not plastic Band-aids; about 10 individually wrapped alcohol pads; and a small tube of Neosporin or other antibiotic cream.
- Aspirin/ibuprofen, etc.
- Cold-symptom relief tablets, antihistamine, cough drops.

- Tweezers.
- Ace bandage.
- Systemic antibiotic (prescription)/optional (but not a bad idea to always take this on international trips.)
- Prescription medicines in their original bottles.
- Acidophilus enzyme (available in capsules in health-food stores). This often helps your digestive system get in shape for "new" flora.
- Immodium, Lomotil, or similar anti-diarrhea medicine.
- Pepto-Bismol tablets and/or liquid (in leak-proof bottle).
- Laxative tablets.
- Visine or similar eye drops.

Last Minute Reminders

- Make photocopies of your airline tickets and the first two pages of your passport, and put them in different locations (suitcase, carry-on bag, etc.).
- Bring 2-3 extra passport size photos to use in emergencies.
- Your valuables should be insured for the duration of the trip, but better yet, leave them at home.
- Remove extra credit cards, driver's license, and personal items from wallet or purse.
- Make sure passport and airline tickets are valid and in the correct name.
- Check with airline to reconfirm reservations and departure time.

About Adventure Travel Today - Please Read Carefully!

At AdventureWomen, we would like to ensure that all participants understand that our excursions are *adventure travel vacations*, and not "tours." We define "adventure travel" as travel in which one *actively participates*, as opposed to a "tour," in which one is more or less a passive observer. AdventureWomen designs and organizes vacations all over the world for women who want to experience an *active, out of the ordinary vacation, and meet new friends*. Most of all, we want our trips to be fun!

In this spirit, the successful adventure traveler should be a *good-natured realist* and have a *sense of humor!* *Adventure vacations, by nature, require that participants be self-sufficient, flexible, and able to accept situations as they exist,* and not just as they would have preferred or expected them to exist. The constraints of scheduled group traveling also necessitate that each of us be understanding of and sensitive to others. *Being on time is important,* and contributes to the congeniality, success and well being of both individuals and the group!

Thank you for choosing to travel with AdventureWomen! If you have any questions or concerns, please don't hesitate to call, write or email us.
