Adventure Travel Today

At AdventureWomen, we want everyone to understand that our excursions are adventure travel vacations and not "tours." We define "adventure travel" as travel in which one **actively participates**, as opposed to a "tour," in which one is more or less a passive observer. AdventureWomen designs and organizes vacations all over the world for women who want to **experience an active, out of the ordinary vacation, and meet new friends**. Most of all, we want our trips to be **fun!**

good-natured realist and have a sense of humor! Adventure vacations, by nature, require that participants be self-sufficient, flexible, and able to accept situations as they exist, and not just as they would have preferred or expected them to exist. The constraints of scheduled group traveling also necessitate that each of us be understanding of and sensitive to others. **Being on time** is important, and contributes to the congeniality, success and well-being of both individuals and the group!

In this spirit, the successful adventure traveler should be a

DAY 1

Monday
2/26/18

Arrive on the Great Barrier Island

Great Barrier Island, also known by the Maori as Aotea, lies 60 miles off the coast of Auckland. As you fly from Auckland, there will be dolphins and whales below and the jagged mountains of the Barrier ahead. Beautiful white sandy beaches, regenerating native bush and forest, rare plants, and birdlife are just some of what you will see on the island. The Barrier is off-the-grid for the 850 locals who collect rain water, use solar panels, and live off the land and sea, with supplements from the local store. Artists, Iyengar yogis, fishermen, and conservationists live here and are working together to protect this beautiful wild place.

Fly to Great Barrier Island

After you clear customs you will be met and transferred via a walkway to the domestic terminal for your flight to the Great Barrier Island, one of New Zealand's last wilderness areas. You have a strict weight limit for this flight, so pack carefully!

Morning at the Beach

After you land, head to Medland's Beach for the morning. Take a long walk along the ocean, go for a swim, and take a moment to reflect and relax after your long flights from the US.

Lunch at a Local Café

Enjoy a leisurely lunch at a local restaurant. Visit the art gallery nearby.

Milk, Honey, and Grain Museum

This quaint and quirky museum has an extensive array of old photographs from the Island and a number of old artifacts.

DAY 2

Tuesday
2/27/18

Great Barrier Island

Far from traffic and city lights, Aotea is the ultimate place to get away from it all. The clear warm waters around the island are perfect for a swim or kayak, the lowland bush trails through beautiful coastal forests provide the perfect canopy for a gentle walk, and the local hospitality is evident during your exclusive visits on the Island.

Optional Morning Activities

Begin your morning with an array of activities to choose from: kayak, paddle board, or swim in the ocean, take a private yoga class with Linda Powers who studied under BSK Iyengar, or enjoy a massage or time in the sauna at the Cossum Park Retreat.

Lunch at Judi's Home

Walk to Judi's home for a lunch with a group of local women. Karen, a conservationist who has dedicated her life to protecting the birds on the island will tell you about her gallant efforts to save the Kaka parrots, Tuis, fantails, and wood pigeons that bedeck the forests throughout the Barrier. Local artists will also share their stories of life on the Barrier.

Kaitoke Hot Springs Walk

Head to the Kaitoke Hot Springs on foot. The walkways in New Zealand are famous for their architectural design, sturdiness, and beauty. This path follows an ancient shoreline traversing the Kaitoke wetlands and regenerating Kanuka forest. In this dense forest you will hear the call of the fantails, see the orchids, sun dew flowers, and native carnivorous plants, and end at the hot pools surrounded by the umbrella ferns. Going into the hot pools is not for the faint of heart - these pools are hot and murky, but soothing for all bodies.

Dinner

Head to the local Irish pub after the hot springs for a New Zealand beer, a glass of Sauvignon Blanc, or a good Pinot Noir and dinner. Dinner is on your own.

DAY 3

Wednesday
2/28/18

Great Barrier Island

Travel across the length of the Barrier today, stopping to hike, to walk on the empty white sand beaches, and to visit the Island's Organic Vegetable Farm, Okiwi Passion. Okiwi Passion operates on eight acres in the small northern settlement of Okiwi on the east coast of Great Barrier Island. They are very fortunate to have incredibly fertile alluvial soil with excellent structure, created by millennia of soil building in the Okiwi basin, and a very warm microclimate assisted by 30 year old bamboo shelterbelts (essential for the extraordinary winds on the Island).

Glenfern Sanctuary

Walk on the trails of the Glenfern Sanctuary after an informative talk on what they are doing to protect the wildlife. Glenfern Sanctuary is a predator controlled forest, where threatened and endangered species are able to thrive once more. From its humble inception over 20 years ago, the epic story of Glenfern has evolved throughout the years to become a center of rare biodiversity and pride for this remote island community. Bordered by a predator-proof fence and the waters of the Hauraki Gulf, Glenfern is a very special place.

Private Boat Cruise

Board a private boat to travel along the rugged west coast, cruising around the Broken Island, looking for dolphins, whales, blue penguins, diving gannets, black petrels, and dropping a line in to fish for Snapper. Enjoy lunch on board.

Dinner

Enjoy dinner on your own at Tipi and Bob's tonight - maybe fish and chips from the afternoon's catch!

If you love the great outdoors and you enjoyed exploring the Barrier, you'll love the natural beauty of Wanaka. Lake Wanaka by Kayak

Head out on Lake Wanaka in kayaks today, with Mt. Aspiring Park towering over you. You will paddle through some of the region's most iconic, remote, and beautiful landscapes as you head to 'Mou Waho island. Walk to the summit of the island to find a true natural wonder of the region, a secret of the great walks of Wanaka - a lake on an island on a lake. Head back to the beach for a gourmet picnic lunch. Before heading out of Wanaka, stop at the Hoglund Art Glass Gallery and Shop. Glass artists Ola and Marie welcome visitors to their new gallery showing paintings, blown glass, and fused glass jewellery. It is set amongst wineries and vineyards in the midst of the tranquil Central Otago countryside. Their art is internationally renowned and sought after by both public and private collectors - it is hard to leave without a Dichroic glass pendant.

DAY 8

Monday
3/5/18

Queenstown to Te Anau

The township sits on the edge of Lake Te Anau, lying on the border of Fiordland National Park and Te Wahipounamu World Heritage Area. The night sky here is famous. The Maori used it not only to navigate to the island but also made astronomy and star lore a part of their culture and daily lives.

Morning Drive to Te Anau

From Queenstown, follow the road to Te Anau as it winds around the gentle curves of Lake Wakatipu. The scenery here is stunning - lakeside vistas are framed by the rugged face of a magnificent mountain range appropriately named The Remarkables. Easy rolling countryside soon leads you to the shores of Lake Te Anau, the biggest of the South Island's many lakes. On the western side, the long arms of the lake disappear into the looming, densely forested Murchison Mountains.

Lunch

Enjoy lunch along the way.

Farm Visit

Wending your way deeper into the southern forests and beautiful farmlands. Unique native birds such as the Kak, Tui, Kea, and the Parakeet are plentiful. A trip to New Zealand must include a visit to a working farm. Often the farms run ewes, hinds (deer), cattle, and a handful of Scottish Highland Cattle along with hens and working farm dogs. Enjoy a ride around the farm with plenty of opportunities to ask questions. Enjoy tea at the farm.

DAY 9

Tuesday
3/6/18

Te Anau

Unlike many other multi-day walks, which evolved from Maori greenstone trails or pioneer exploration routes, the Kepler Track was custom-made - built for pleasure, rather than necessity. Opened in 1988, the track was carefully planned to show walkers all the best features of Fiordland - moss-draped beech forest, prolific bird life, tussock high country, huge mountain ranges, cascading waterfalls, vast glacier-carved valleys, luxuriant river flats, and limestone formations. Vast tussock-covered ridgelines and spectacular alpine vistas contrast with peaceful lakeside and valley beech forest in this wilderness area.

Heli-Hiking on the Kepler Track

Departing from Te Anau Airport, your day will start with a wonderful scenic flight over Lake Manapouri and the Fiordland Mountains. Land at Mount Luxmore and enjoy glorious panoramic views during a picnic lunch. After lunch, visit the Luxmore caves before beginning the hike down the Kepler track to Lake Te Anau. Finish by walking back to Te Anau township via the lakeside walking track.
