The most social of the big cats, lions live in groups called prides, composed mostly of females and cubs and only one or two adult males. Typically prides have 6-12 lions, but can sometimes have more than 30 members. Superior hunters, lionesses inherit the same territories as their mothers while young males roam until they drive out old males from other prides to take over leadership.

Enjoy another day on safari. You may do an early morning and late afternoon game drive, a full-day excursion, or perhaps you’ll do some of the activities and spend part of the day in the stunning swimming pool with views of the river.

The Okavango Delta

The water in the Okavango Delta does not flow into any sea or ocean but eventually just evaporates. The Delta is one of the Seven Wonders of the World. The area was once part of Lake Makgadikgadi, an ancient lake that dried up by the early Holocene period.

- **Early Morning Walk**

  This afternoon, head out in a mokoro, the traditional boat of the area. Search the waters for elephant, hippo, crocodiles, and the plethora of wildlife that come to drink at the banks of the river.
The Okavango Delta to Victoria Falls

Victoria Falls is the largest waterfall in the world, and it is roughly twice the size of Niagara Falls. The Zambezi River flows into these world-famous falls.

Fly to Victoria Falls

Leave the Delta this morning and fly to Victoria Falls. Transfer to your lodge and settle in. You’ll have an amazing view.
Victoria Falls

The falls are formed as the full width of the Zambezi River plummets in a single vertical drop that is over 5,000 feet wide. There are also two islands on the crest of the falls that divide the flow of water.

Tour the Falls
Tour Victoria Falls today, just minutes from your hotel. Walk a path along the edge of the forest and brave the tremendous spray for an unparalleled view of the falls. You’ll have a chance to view the falls from the Knife Edge Bridge, from which you can see the Eastern Cataract, the main falls, as well as the Boiling Pot where the river turns to head into Batoka Gorge.

Helicopter Flight
This 12-minute helicopter flight over the falls offers spectacular photographic opportunities. You’ll fly circuits over the falls in both directions, as well as fly up and down the Zambezi River.

Aunt Flatter
Enjoy a local lunch with Aunt Flatter, an incredible local woman. She has lived through all of the ups and downs in Zimbabwe, and will share what it has been like as a local woman. As a bonus, she will make a delicious lunch full of the local foods she grew up eating - this is a real treat!

Sunset Cruise
Take a sunset cruise this evening on the Zambezi River. Soak in the noise of the river and the falls as you search for elephant, hippo, and crocodiles.

Farewell Dinner
Enjoy a farewell dinner with your group and toast the end of an amazing adventure!

As you get ready to pack for your adventure, have a look at The AdventureWomen Store at www.theadventurewomenstore.com - we have picked out our favorite travel clothes and outdoor gear to help make packing easy for you. You can also see our recommendations for this trip on the AdventureWomen Pinterest page.

For your internal flights you are required to have a fully soft-sided duffel bag no larger than 30cm x 30cm x 70cm (approximately 12” x 12” x 27”), and can weigh no more than 44lbs.

May to September is the dry season, or “winter.” There is little to no rain, the skies are clear, most days are sunny and beautiful, and there are fewer mosquitoes. It is the perfect time for wildlife viewing since it is easier to spot because there is less vegetation, and the animals gather around rivers and waterholes.

At night and in the mornings it can get cold, so it’s advised to pack warm clothing, especially for morning safari drives in open vehicles.

Clothing and Gear:
- Duffel bag (soft-sided)

Adventure Travel Today
At AdventureWomen, we want everyone to understand that our excursions are adventure travel vacations and not “tours.” We define “adventure travel” as travel in which one actively participates, as opposed to a “tour,” in which one is more or less a passive observer. AdventureWomen designs and organizes vacations all over the world for women who want to experience an active, out of the ordinary vacation, and meet new friends. Most of all, we want our trips to be fun!

In this spirit, the successful adventure traveler should be a good-natured realist and have a sense of humor! Adventure vacations, by nature, require that participants be self-sufficient, flexible, and able to accept situations as they exist, and not just as they would have preferred or expected them to exist. The constraints of scheduled group traveling also necessitate that each of us be understanding of and sensitive to others. Being on time is important, and contributes to the congeniality, success and well-being of both individuals and the group!
