

PACKING LIST – ICELAND SUMMER

PACK YOUR BAGS!

The AdventureWomen team has curated this list for your adventure in Iceland. It is meant to provide packing guidelines, but please also think about how you travel and what works for you as individuals. If you have any questions, please don't hesitate to ask! It's what we are here for.

Dress for the Weather

Iceland's summer is from mid-June to mid-August, with temperatures ranging from 45-58 degrees F. (It can be warm enough to wear a light shirt, or cold enough to send you looking for your down jacket!). During this time, almost continual daylight illuminates the land, and occasional rain and drizzle can be common in the south. Light woolens, polypropylene fabrics, and wind- and rain-proof clothing are essential. Dressing in layers works best in Iceland's changeable weather. Casual clothes are ideal for all parts of this trip.
