DAY 2
Sunday
6/26/22

San José

San José is the capital of Costa Rica and the nation's largest city. Located in the Central Valley, it is the seat of national government, the focal point of political and economic activity, and the major transportation hub of this Central American nation.

Local Farmer's Market

Rise and shine early today and depart the hotel at 7:00am for a visit to a local Farmers' Market, which has much more than fruits and vegetables. There are local artisans with hand-made clothes, artisanal jewels, medicinal herbs, hand-made aromatherapy oils, musicians, and plenty of places to eat. The majority of vendors are women, and you'll have plenty of opportunities to talk with them and find out about their businesses and crafts. Enjoy lunch at the market.

Walking Tour of San José

Take a walking tour of the city of San José, visiting the Central Market, the National Theater, and either the Gold or the Jade museum.

Free Time

There's free time in the afternoon to do some exploring on your own. This is a perfect time for souvenir shopping, to enjoy the sights and sounds of San José, or simply to do some people-watching.

Cooking Class

Enjoy a cooking class with a master chef this evening.

The Next Two Days

NOTE: There is a limit on luggage of 25 pounds per person when traveling on local boats while visiting the Tortuguero National Park. Please take only what you will need for the next two days. DAY 3
Monday
6/27/22

San José to Tortuguero

“Tortuguero” comes from the Spanish name for the giant sea turtles (tortugas) that nest on the beaches of this region every year from early March to mid-October. The exceptionally high rainfall and rich environment makes the beaches, canals, lagoons, and wetlands of Tortuguero areas of exceptional biodiversity. This is an incredible opportunity for nature lovers and there is no better way to explore this park than from the water.

Travel to Tortuguero National Park

Set out very early for Tortuguero National Park, the “Venice” of the rainforest. Drive through Braulio Carrillo National Park, seeing the vegetation change from rainforest to cloud forest and back to rainforest again. Reaching the riverside village of Caño Blanco, board your boat to Tortuguero for a 90-minute ride on the Parismina river and on some man-made canals.

Breakfast

Breakfast will be in a local restaurant during the drive today.

Canoe Tour

One of the few Costa Rican National Parks where walking isn’t necessarily the best way to see things, you get to tour the lagoons and jungle waterways of Tortuguero National Park this afternoon by canoe. The extensive network of freshwater creeks and lagoons behind the beaches of Tortuguero are home to seven species of river turtles, spectacled caiman, southern river otters, a number of crustaceans, and more than 50 species of freshwater fish. You might also see spider, howler, and capuchin monkeys and dozens of species of birds. If you are really lucky, you might spot an endangered West Indian manatee.

Evening at Your Lodge

Relax at your lodge this evening and enjoy dinner as a group.

DAY 4
Tuesday

Tortuguero

An endless system of rivers and canals make Tortuguero the most biologically diverse region of Costa Rica. They also allow for some extraordinary in-depth exploration by boat, so get those cameras ready to capture some amazing wildlife. Crocodiles, lizards, toucans, sea turtles, and howler monkeys are often spotted.

Explore the Park by Boat

Explore the Park's winding jungle waterways by boat, looking for monkeys, sloths, crocodiles, and more.

Tortuguero Village and the Sea Turtle Conservancy

After lunch at the lodge, spend the afternoon visiting Tortuguero Village and the Sea Turtle Conservancy. Tortuguero beach is the most important nesting site of the endangered green turtle in the Western Hemisphere. Giant leatherback, hawksbill, and loggerhead turtles also nest here.

DAY 5
Wednesday
6/29/22

Tortuguero to Arenal

The Central Highlands of Costa Rica are surrounded by the landscape's dominating volcanoes. In 2010, Arenal was considered one of the ten most active volcanoes in the world, and the area around it is a virtual playground. There are opportunities to explore this remarkable area on foot, by bike, and flying through the forest canopy on a zip line tour.

Head to Arenal and Pick Up Luggage

Leave Tortuguero by boat on your way to Arenal, stopping in Caño Blanco, where your driver will be waiting (with the rest of your luggage) to take you to the Arenal Volcano area.

Whitewater Rafting

Before arriving in Arenal, stop at the Sarapiquí River for an exciting guided whitewater rafting trip! This Class II - III rafting adventure takes you through more than 20 rapids in about three hours. You will be briefed on safety, and wear a helmet and life jacket.

Originating from clear mountain streams, the Sarapiquí River runs from the Central Mountain Range just north of San Jose to the San Marcos River which runs along the shared border between Costa Rica and Nicaragua. The river is considered a national monument because of the vital service it provided in transporting arms, goods, and soldiers in the 1856 war against the filibusters.

Afternoon at Leisure

Finishing your adrenaline-packed raft trip, continue to the spectacular Volcán Arenal area and Hotel Arenal Kioro, with its hot springs and uninterrupted views of the volcano. Once at Kioro Hotel, the rest of the afternoon is free to relax and enjoy the famous hot spring pools at the hotel.

Swim Beneath La Fortuna Waterfall

Stop to swim in the emerald pools beneath La Fortuna waterfall after you hike to the falls. La Fortuna waterfall emerges from dense jungle greenery before plummeting some 200 feet into a pool below. Bring your bathing suit!

Drive to Guanacaste

DAY 7
Friday
7/1/22

Guanacaste

The driest region of Costa Rica, Guanacaste is known for its lovely northern Pacific beaches, funky ocean-side villages, and miles of grazing plains that give way to dry tropical forests and bubbling mud pots at Rincon de la Vieja National Park. This region is a haven for all kinds of watersports!

River Float

Begin a full day of adventure at Rio Perdido by floating down the river in a modified inner tube, through a gorgeous narrow canyon with the rainforest canopy above. Some parts of the river are very calm and slow, others are faster and very exciting! Sometimes you will need to carry your tube for a little while in order to get over rocks to the other side. Make sure to wear water shoes, sneakers, or Teva sandals. No flip-flops! Life vests and helmets are provided.

Ziplining Adventure

In the afternoon there will be a zip-lining/canyoning tour. While Costa Rica has dozens of “canopy tours,” with hundreds of zip-lines, Rio Perdido has truly innovated with their Canyon Adventure. Under the guidance of renowned adventure designers, they have created a sequence that will please and surprise. Inspiring Rio Blanco canyon is the main stage for the awesome cable-based zip-line experience. Good walking shoes are a must! The adventure includes 15 platforms, six of which are rock-based and nine of which are suspended on the canyon walls, as well as zip lines of varying lengths from 260 to over 800 feet.

DAY 8
Saturday
7/2/22

Guanacaste

Guanacaste has a long history as a cattle raising area. Its “Sabanero” cowboy culture still defines the personality of the province. In recent years, the area has become the most popular place in the country for beachfront development. Small fishing villages like Tamarindo are now a top draw for travelers, with hotels lining the beach boulevard, while quieter retreats further south on the Nicoya Peninsula offer plenty of peace and quiet for those looking to get away from it all.

La Anita Rainforest Ranch

Begin the day at Anita Rainforest Ranch where you will meet the owners, Pablo and Ana, and spend time with Ana as she gives you a private tour of the property. Learn how they grow and harvest their crops, especially cacao, and how it is transformed from dry beans to paste and on to artisan chocolate. Of course, you get to try some too!

Cooking Class

In a short cooking class, you'll enjoy delicious food - heart of palm ceviche, taro chips, beef in red wine and rosemary sauce, and fresh produce from their organic gardens finished off with homemade ginger spiced lemon and natural fruit juices.

Meet Aracely

Continuing to the small town of Colonia Libertad, meet Aracely, a neighbor in the village, where she will share a wonderful and special dessert treat in her home.

Farewell Dinner

Have a farewell dinner with your new AdventureWomen friends. Reminisce over all of the memories you have made and celebrate the end of an amazing journey through this truly spectacular country.

Adventure Travel Today

At AdventureWomen, we want everyone to understand that our excursions are adventure travel vacations and not "tours." We define "adventure travel" as travel in which one **actively participates**, as opposed to a "tour," in which one is more or less a passive observer. AdventureWomen designs and organizes vacations all over the world for women who want to **experience an active, out of the ordinary vacation, and meet new friends**. Most of all, we want our trips to be **fun!**

good-natured realist and have a sense of humor! Adventure vacations, by nature, require that participants be self-sufficient, flexible, and able to accept situations as they exist, and not just as they would have preferred or expected them to exist. The constraints of scheduled group traveling also necessitate that each of us be understanding of and sensitive to others. **Being on time** is important, and contributes to the congeniality, success and well-being of both individuals and the group!

In this spirit, the successful adventure traveler should be a
